Case-Halls Mills,
Investigation-DEM.

On September 15th, 1926. After returning from my interview with Mrs. Williamson I made two trips to the Ansonia Hotel for the purpose of trying to secure Clara B. Lapham's address. I tried to get in touch with Mr. Kuhney who is the general manager there, but on both occasions was told he was out. I finally interviewed a young man who has charge of some records and he informed me that the Ansonia records for the year 1925 were taken over by a Mr. M. Glazer of 130 West 42nd Street.

From there I proceeded to the home of Robert E. Walsh of 360 East 195th Street for the purpose of interviewing him about the U.S. Marine Million Dollar Circus, but was informed by his wife that he was out of town and was expected any day. I might state that Mr. Walsh was the seargent in charge of the 104th Field Artillery Armory at the time that the U.S. Marine Million Dollar Circus was held there. I am informed that he would be about the best man that could give me information concerning the said affair.
